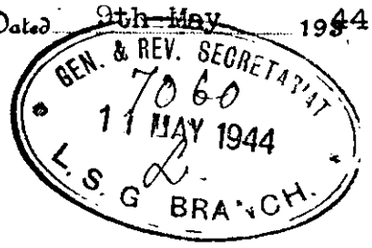
KOLAR GOLD FIELD SANITARY BOARD.

OFFICE OF THE PRESIDENT SANITARY BOARD
KOLAR GOLD FIELD.
CHAMPION REEF.

No. M1C-548/43-44.

Encls.

Dated 9th May 1944



From

The President, K. G. F. Sanitary Board,
Champion Reef.

To

The Legal Remembrancer and Secretary
to the Government of Mysore,
Law Department,
Bangalore.

SIR,

With reference to your Memo No.L.11098 dated 4-5-1944 calling for a note on the abolition of Ground rent in Robertsonpet and Andersonpet Areas as per Representation 161 of Mr.M.Maddaiya for the Budget Session-1944 of the Representative Assembly, I have the honour to append below a note in the matter as desired.

I have the honour to be,
Sir,
Your most obedient servant,
Vice-President.

Note on the representation No.161, Budget Session 1944 of the Representative Assembly by Mr. M.Maddaiya for abolishing the levy of Ground rent in Robertsonpet and Andersonpet Area.

Ground rent is not a tax levied on a particular building in addition to building tax. It is only a small rent charged on the sites granted temporarily for construction of houses in Cooly Colonies. The Sanitary Board are granting lands for constructing houses on a temporary basis and a small ground rent, either monthly or annual varying between half a pie and three pies per square yard is being levied. Thus it will be seen that it is not a tax but ~~some thing~~ like a lease amount ~~in return~~ for the site. The Building tax is quite different from Ground rent and is leviable on the rental value of a building constructed @ 9%. This includes 3% of water rate and 1% Lighting tax.

It is a fact that the people who have taken sites on Ground rent system should also pay building tax if the building is subjected to levy of such a tax. This is an industrial area consisting of a majority of Labour Classes where people, specially in the Cooly Colonies are not interested in the construction of decent buildings. Their stay here will be only temporary. They take a site on temporary ground rent system, put up a temporary - structure and leave it and go away whenever they go away for good.

Sites are not now being disposed of after recovering 25 years ground rent. Even in future if 25 years' ground rent is insisted upon to be paid once for all, it will be a very hard job for the poor whose stay here is only temporary. Paying ground rent in small instalments monthly will be very easy for the majority of the population in this area.

Vice-President,
K.G.F. Sanitary Board

REPRESENTATIVE ASSEMBLY,
